International Price List – 2010*

Starter Kits

Industrial Bakery Starter Kit™	\$ 3,706
For conveyORIZED industrial ovens. Includes two Barker™ units for extended range.	
ThermoBiscuit Starter Kit™	\$ 2,169
Use for real-time measurement in rack ovens or wireless data logging in larger ovens.	
ThermoBiscuit Real-Time Kit™ (No data logger capability)	\$ 1,620
For real-time measurement in rack ovens, cooling tunnels & freezer lines.	
ThermoBlade Starter Kit™	\$ 2,914
Wireless Temperature Measurement Starter Kit for Low Clearance Lines	
ThermoBlade Real-Time Kit™	\$ 1,588
Wireless Temperature Measurement Starter Kit for Ovens & Freezer Lines	
ThermoSpyder Starter Kit™	\$ 1,754
16-Channel Wireless Temperature Measurement System	
ThermoSpyder Real-Time Kit™	\$ 1,038
Wireless Temperature Measurement Starter Kit for Ovens & Freezer Lines	

Wireless Measurement Modules

ThermoBiscuit™	\$ 852
Wireless 8-Channel Temperature Monitor for Extreme Environments (includes permanently attached thermocouple probes & batteries)	
with eight (8) female LCP miniature thermocouple connectors	<i>add</i> \$ 274
with eight (8) female ceramic miniature thermocouple connectors	<i>add</i> \$ 329
ThermoBlade™	\$ 1,094
Low Profile Wireless Temperature Monitor for Extreme Environments (includes permanently attached thermocouple probes & batteries)	
with eight (8) female LCP miniature thermocouple connectors	<i>add</i> \$ 274
with eight (8) female ceramic miniature thermocouple connectors	<i>add</i> \$ 329
ThermoSpyder™	\$ 544
8-Channel Thermocouple Monitor (includes one ThermoProbe™ assy. & batteries)	
ProofReader™	\$ 604
Low Profile Wireless Relative Humidity & Temperature Monitor	
GateWay™	\$ 494
Wireless Network Access Point (includes DataLink™- Basic Version software & USB cable)	
Barker™	\$ 604
Wireless Network Range Extender (includes Remote Antenna & batteries)	

Software Products

DataLink™- Basic Version Integrated real-time data acquisition and display environment	\$ 219
DataLink™- Lab Version Integrated real-time data acquisition and display environment with data logger functionality, advanced real time display and auto chart generation	\$ 549
DataLink™- Lab Plus Version Integrated real-time data acquisition and display environment with Barker™ range extension capability and all Lab Version functionality	\$ 878
Zone Cue™ Add-In Software Module Displays oven zone vs. real time temperature data. User programmable zone lengths, temperature set points & belt speed.	\$ 412
BreadProfile™ Add-In Software Module Automatically calculates and reports bake time percentages to specific baking milestones such as yeast kill, starch coagulation, enzyme inactivation and final core temperature. Temperatures are user programmable.	\$ 412

Thermocouples, Probes & Accessories

Thermal Barriers

ThermoSleeve™ (includes ThermoSleeve Retaining Strap)	\$ 274
ThermoSleeve™ Retaining Strap (for retrofit or replacement of lost strap)	\$ 54

Thermocouple Positioners

TC-Bridge™	\$ 549
Bread Rib	<i>Please call for price</i>

ThermoAdapters™

ThermoAdapter™ Assemblies 8-channel ThermoSpyder to miniature thermocouple connector E, J, K, or T type, PFA Teflon / glass overbraid, SLE extension wire	Starting at \$158 Please call for exact pricing
ThermoAdapter™ Assemblies 8-channel ThermoSpyder to miniature thermocouple connector B, C, D G, N, R or S type, various insulation materials	<i>Please call for price</i>

ThermoProbes™

ThermoProbe™ Assemblies 8-channel thermocouple assys., E, J, K, or T type Insulation options include PFA Teflon / Kapton / Glass braid	Starting at \$101 Please call for exact pricing
ThermoProbe™ Assemblies 8-channel thermocouple assy., B, C, D, G, N, R, or S type	<i>Please call for price</i>

Terms and Conditions for International Sales

INTERNATIONAL PRICING: International list prices are FOB Los Altos, California, U.S.A., and do not include shipping, insurance, inland freight, export packing or documentation charges. Custom duties or tariffs imposed by the destination country are to be paid by the customer. Typical customs and delivery expenses can add between 10 % and 15 % to the order price.

DELIVERY: Most of our products are available from stock. Products are normally available for shipment within a few days of receipt of an order. Merchandise will be shipped upon receipt and bank clearance of your payment for direct export purchase orders. For payment by letter of credit, shipment is made upon receipt of the formal letter of credit.

PAYMENT TERMS: Prepayment is the normal method for direct international orders. Magna Systems does NOT accept credit card payments for international transactions. Funds must be received, by wire transfer or otherwise, prior to shipment of merchandise. There is a USD\$30 charge for prepayment orders for handling and bank transfer costs. For letter of credit or CAD, there is a USD\$300 minimum handling charge to cover the costs associated with these payment methods.

SHIPPING: All International orders are shipped via UPS Standard Service, FOB Origin, Freight Prepaid & Add unless otherwise specified and agreed. The point of Origin is Los Altos, CA 94022. This means that Magna Systems pays freight charges; the buyer bears the costs of freight, handling charges, brokerage charges and taxes and duties. The buyer owns the goods while in transit and the buyer files for any claims that might arise in the course of shipping.

REPAIR and CALIBRATION: Price for evaluation, repair and/or calibration (for original owners) is normally 10 % of the current instrument price, with a minimum charge of \$200. If damage is severe or test data is required, there may be additional charges. Equipment being returned for repair or calibration must be accompanied by a Return Material Authorization (RMA) number issued by Magna Systems, L.L.C. A certificate of calibration is available at no charge if specified at the time an order is placed. There is a \$50 charge per unit for calibration certificates requested after the equipment has shipped.

WARRANTY: All instruments, unless otherwise stated, are warranted to be free from defects in material and workmanship for one year from the date of shipment. See the product manual for details on how to exercise the product warranty.

EXPORT SALES FINAL: All export sales are final. No returns will be accepted.
